LAKE POWELL PIPELINE OPEN HOUSE MEETINGS
SCHEDULED IN WASHINGTON AND KANE COUNTIES

Individuals interested in learning more about the Lake Powell Pipeline are invited to attend the following public open house meetings in Washington and Kane counties:

KANE COUNTY
Tuesday, January 12
5:00 – 6:00 p.m.
Kane County Commission Chambers
76 North Main St., Kanab, UT 84741

WASHINGTON COUNTY
Wednesday, January 13
5:00 – 6:00 p.m.
Washington County Water Conservancy District
533 E. Waterworks Dr., St. George, UT 84770

Project participants and consultants will be onsite to discuss the pipeline's need, conceptual design, timeline and address any questions.

About the Lake Powell Pipeline

The Lake Powell Pipeline is a 139-mile pipeline that will deliver 86,249 acre feet of Utah's Colorado River water allocation from Lake Powell to Washington and Kane counties. The project, which passed in the 2006 legislative session, is currently in the environmental review process. Click [here](#) for additional project information.
